Here you go. I've done a LinkedIn profile for both grey and white backdrops so you can choose which you like best or inter-change.

If you drop me a line with the name of your business I'll give you a plug on our facebook page.

I think we've fixed the website glitch. Just to let you know that that particular page is run by a separate company and that glitch was nothing to do with Ian. Just to put your mind at rest!

If I can help further please let me know.

Kind regards  
Gail
